Fees for Holistic Consultation: Acupuncture, Traditional Chinese Medicine, Chinese Herbs, Spinal Manipulation, and Laser Therapy

Helping your pet is the most important thing to us. However, addressing financial questions early on and as completely as possible can help prevent any misunderstanding later and make it easier for you to plan your pet's therapy.

Conventional "western" office visit / examination

- Our conventional "western" office visit / examination fee is \$87.05..
- Fees for diagnostic tests, X-rays, supplies, etc. are additional.

Initial Consultation for Herbal / Nutritional / Holistic / Integrative Medicine

- Fees for diagnostic tests, X-rays, supplies, etc. are additional.

Acupuncture

- The initial new patient intake consultation fee is \$199.65, which includes the first acupuncture session.
- Follow-up acupuncture appointments are \$143.15.
- Electro-acupuncture is an additional \$22.15.
- Moxibustion is an additional \$21.80.
- Dietary supplements, herbs, or other medications are extra, typically \$45 to \$70 per month.
- When laser therapy is used during an acupuncture session the additional fee is \$30.60.
- Fees for diagnostic tests, X-rays, supplies, etc. are additional.

Spinal Manipulation

- The initial new patient intake consultation fee is \$171.35, which includes the first spinal manipulation treatment.
- Follow-up spinal manipulation appointments are \$83.35.
- Fees for diagnostic tests, X-rays, supplies, etc. are additional.

Laser Therapy

- The initial fee for a laser therapy session is \$50.00 in addition to the usual conventional or holistic consultation fees.
- Follow up laser therapy sessions are \$50.00. If an exam is required for new or additional problems, regular consultation and / or diagnostic fees will also apply.
- When laser therapy is used during an acupuncture session, the additional fee is \$30.60.

*** From time to time, fees are increased to account for the inflationary costs of living and medical expenses.**
